Work Experience

June-Sept. **Engineering Intern**, Qualcomm AI Research Netherlands.

2019 I was an intern at Qualcomm Research in Amsterdam.

2016 Research Fellow, University of Modena and Reggio Emilia.

I was selected through a competitive process to design and implement computer vision solutions for automotive applications. After two months I resigned in order to accept the Ph.D. scholarship I won.

2015 Web Development Intern, Ot Consulting, Reggio Emilia.

Education

2020 Ph.D. Student, University of Modena and Reggio Emilia.

Advisor: Prof. Rita Cucchiara

I got my Ph.D. in computer vision at AimageLab. In my first year My thesis is about attention prediction applied to human drivers and anomaly detection.

2016 **Postgraduate Master in Visual Computing and Multimedia Technologies**, *University of Modena and Reggio Emilia*.

I won one of the 12 scholarships available for the first edition of the school. I worked in several group projects addressing the management of multimedia data and its elaboration, analysis and transmission.

2015 Master's degree in Computer Engineering, University of Modena and Reggio Emilia.

Final mark: 110/110 cum laude

Thesis title: Search system on images and 3D details for cultural heritage

Advisors: Prof. Rita Cucchiara, Ing. Giuseppe Serra

Awards: Unimore Degree Award 2013/2014

2012 Bachelor's Degree in Computer Engineering, University of Modena and Reggio Emilia.
